**Subject:** RE: Items needed for 17-mile LPRSA Draft RI Report review

Stephanie:

The attached a zip file (renamed .zap) contains information on duplicates requested by EPA. This is the last of the files requested by EPA in the March 17, 2015 e-mail. Creating these last two files for EPA was more complicated than was originally anticipated.

Here is a list of the transmittals that the CPG has prepared for EPA to complete their 3/17/2015 request for mapping-related files.

Date	Files included
------	----------------

3/24/2015	3 geodatabases, consisting of 25 GIS layers
-----------	---

3/27/2015	3 geodatabases, consisting of 6 GIS layers
-----------	--

4/08/2015	3 geodatabases, consisting of 7 GIS layers
-----------	--

4/17/2015	1 geodatabase, consisting of 4 GIS layers
-----------	---

5/13/2015	1 geodatabase, consisting of 2 files
-----------	--------------------------------------

As in the previous transmittals, this zip file contains the transmittal letter, a table listing the files in this transmittal, a geodatabase of the GIS layers, and a readme file describing the GIS layers.

Please let me know if this fulfills EPA's requests for information.

Thank you.

R/  
Rob
